*Pintura Fine Art Imaging and Framing is a full service design studio offering custom picture framing services as well as digital artwork reproduction and digital and large format printing services.*

After managing retail locations for over 30 years, we have redefined our way of doing business by offering appointment only services. This allows us to offer personalized one-on-one design consulting at our Ogden Design Studio, in-home or office design consulting as well as business-to-business picture framing consulting. We currently service the Northern Utah area including Weber, Davis and Salt Lake County counties.

Nancy Clark*

*Make your  
creations  
last forever.*

## CUSTOM MATTING AND FRAMING

Pintura Fine Art offers a diverse selection of custom picture frame options. We specialize in museum quality preservation framing. Our picture framing services are performed on-site, which allows us to maintain the utmost quality process from start to finish.

With economic to high end lines, Pintura Fine Art offers only the best quality picture framing materials ranging from traditional to contemporary while adhering

to your budgetary requirements without sacrificing our high quality standards.

We listen to you so we can realize your design vision while protecting your art. Please contact us to discuss your next project.

## RESIDENTIAL AND CORPORATE CONSULTING

Art has the ability to create a statement and form a space that can motivate and inspire. Carefully selected art brings everything in a

room together to inspire harmony in your surroundings. We have the experience and resources to help you create a unique environment based on your requirements and tastes.

Communication is essential between architect, interior designer, space planner, facilities manager, office manager, executive and art consultant. Our goal is to make your space relevant to your business and corporate vision, within your budget and time requirements.

As every client has a different approach to art and framing selection, we cater to you. Our design studio provides an excellent place to see a wide array of art and framing. We can come to you for an initial consultation and then with art pieces.

- Project evaluation and coordination
- Research, recommendations and procurement
- Frame design and framing of new or existing artwork
- Delivery and installation

***Please contact us to discuss your next project.***

# FINE ART CAPTURE AND PRINTMAKING

## **FINE ART CAPTURE**

Artwork is scanned or professionally photographed, creating files with great detail, superb color and tones, which is stored and printed on a large format printer with pigmented inks.

## **ORIGINAL ARTWORK REPRODUCTION**

Giclée prints provide artists and photographers with the ability to have their work printed on demand without the high upfront costs of mass production. They can be printed on many different types of media and at almost any size, giving artists and photographers the ability to customize their artwork.

Giclée (*pronounced zshee-clay*) is a term that is used to describe the process of high quality inkjet printing for art reproduction purposes, not a regular desktop printer.

We print with archival inks and media including canvas, fine art, and photo papers. Our printers use the most advanced inks on the market.

## **FINE ART CANVAS PRINTS**

Unstretched canvas prints only \$13.00 per square foot. We feature *Epson Premium Canvas™*. They are a heavyweight, water resistant, bright white, poly/cotton blend which provides a wide color gamut and consistency needed to fulfill a wide range of art reproduction and photo printing.

## **DECOR CANVAS PRINTS**

Canvas prints are “staple” stretched and suitable for framing. These stretched prints are designed to be framed. Most standard giclée prints are printed with a 1.5” to a 2” white border to allow for stretching. The image shows on the front, and the white borders are on the side. These prices include canvas print, UV coating, single mounting, and staple stretch.

## **PREMIUM CANVAS PRINTS**

A gallery wrapped print is stretched on either a 1.5” stretcher or a 2” stretcher bar. The sides of the gallery wrapped print will usually have either image area or a colored border showing on the sides. These

giclées are ready to be hung. Prices include canvas print, UV coating, single mounting, gallery wrap stretching, and hanging hardware.

## **FINE ART PAPER**

Smooth fine art paper and textured watercolor paper for \$11 per square foot. These giclées have rich, saturated colors, deep dark tones, and fine light tones that look and feel like an actual watercolor or pastel painting. We offer *Epson Archival Fine Art Papers™*, either smooth or textured.

## **DIGITAL PHOTOGRAPHIC PAPERS**

Digital matte, glossy, and luster photographic papers for \$9 per square foot. Print all of your digital photos on our premium photographic papers. We feature *Epson Archival™* photographic paper, with your choice of a smooth, glossy or matte finish. We can print any size, so you are not restricted to standard lab sizes.

**UPLOAD YOUR FILES AT  
PINTURAFINEART.COM**

# DECORATIVE WALL ART PRINTING

Start by uploading your files from your computer. If you need help finding the perfect photograph for your space, we can assist you in procuring it. Then, we will work with you to create the wall art to your specific requirements.

**WALL COVERINGS** – Wall covering designs using personalized art or photography.

**PHOTOS ON CANVAS** – Choose from multiple canvas media printed to your specific requirements.

**POSTERS** – Let us help you create affordable one of kind posters for your home or office space.

**WALL DECALS** – Wall decals are fun and create way to transform any room.

**MURALS** – Transform any room with durable wall murals custom printed with high quality commercial grade materials.

# FINISHING SERVICES

**UV PROTECTIVE COATINGS** – Our glossy or semi-gloss UV coatings are required to ensure that your giclée prints on canvas are protected from water, scratches, and ultra violet rays.

Glossy . . . . . \$2.50 sq. ft.

**SINGLE MOUNTING** – Mount your images on 1/8” Perfect Mount board to protect them. This is the affordable option for images designed to be framed. *Printing prices not included in mounting price.*

**DOUBLE MOUNTING** – Mount your images in 1/8” Perfect Mount board and 1/4” foam core to give your images rigidity and durability. *Printing prices not included in mounting price.*

**STAPLE STRETCH** – Ideal for canvas prints that will be framed. This type of stretching is done on a 1/2” or 1” heavy-duty bar, and has white borders on the sides.

**GALLERY WRAP STRETCH** – Canvas prints are stretched on either a 1.5” or 2” stretcher bar. The sides of the canvas

will usually have image area and are ready to hang. *Printing prices not included.*

**IMAGE ARCHIVING**

File transfer to flashdrive

(per image) .....\$5

File transfer via email (per image) ...\$5

All files to flashdrive .....\$20

*Due to file size limitations, we do not send high-resolution images via email.*
